Welcome to Devils Lake

The Military Affairs Committee (MAC) is a group from the Devils Lake city staff, interested chamber businesses, military support organizations, and military staff from Camp Grafton.

In Devils Lake, there are lots of benefits and services available to service members, veterans, and their families. We have put together this guide to help you support businesses that support you, to help you find assistance, and to find fellow veterans by connecting through local veterans organizations.

Through the MAC, Devils Lake is taking steps to improve the lives of those who make sacrifices for our country.

Thank you for your service!

Lake Region State College welcomes the opportunity to help veterans, military students, their spouses and dependents on the path to higher education. LRSC offers a variety of courses and flexible scheduling online and at the Devils Lake and Grand Forks Air Force Base campuses. Most of the degree programs offered at LRSC are approved for certification by the Veterans Administration for the various VA educational benefit programs. Students may also be eligible for tuition assistance through federal or state programs.

You will find many of the programs at LRSC are a great fit with the work done while in the military.

Many scholarships at LRSC are specifically for men and women who have served in the military.

The VA certifying official and assistants at LRSC will assist students with the application and certifying process for VA benefits but they cannot make VA benefit choices for students. To get a general understanding of the various benefit options, students are encouraged to visit the GI Bill website <http://www.benefits.va.gov/gibill/> and review the section called "Post 9/11 GI BILL & Other Programs."

ESGR, a Department of Defense office, is comprised of dedicated and trained volunteers and staff. We will develop and promote employer support for Guard and Reserve service by advocating relevant initiatives, recognizing outstanding support, increasing awareness of applicable laws, and resolving conflict between employers and service members.

ESGR informs and educates service members and their civilian employers regarding their rights and responsibilities governed by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). ESGR does not have statutory authority to enforce, but serves as a neutral, free resource to employers and service members. If you're a Veteran struggling to find or maintain employment that's important to you, Job Service North Dakota can help!

Job Service North Dakota has a Veterans' Employment Team that exclusively serves Veterans. As Veterans themselves, the Team understands the many changes Veterans experience in their transition from military to civilian life. The Team is trained and ready to provide one-on-one assistance to help work through employment barriers.

One of the biggest hurdles Veterans face is "selling" their military experience to civilian employers who may not understand military lingo. The Veterans' Employment Team will help you translate your military skills and experience into civilian terms so employers can understand all you have to offer and how your skills can benefit their businesses.

The Veterans' Employment Team provides individualized services to help Veterans overcome employment barriers and develop a plan for employment. The Team is here to:

Help put military skills and experience into understandable civilian terms.

Guide Veterans in their job search and develop an employment plan specifically for their needs.

Provide up-to-date labor market information.

Provide guidance for career and educational choices.

Make referrals to training opportunities.

Offer assistance and advice on developing an effective resume.

Offer practical advice on taking the "stress" out of a job interview.

Provide referrals to supportive resources.
