VFW TRUST FUND

HOW TO OBTAIN ASSISTANCE FROM THE TRUST FUND

A letter requesting financial assistance must be forwarded or delivered to one of the Trustees of the Fund. The letter may be initiated by an individual in need of financial assistance or by someone on behalf of the individual or individuals in need. All letters must include the Social Security Number and the current address of the individual who is proposed to receive assistance. The letter must also be indorsed by an officer of the local VFW Post, preferably the Commander, and contain a verification of need and also a recommended amount. The request should then be forwarded to one of the Trustees for action at the next meeting. Meetings are scheduled four (4) times annually, at the Midwinter Conference, Fall/Spring Cooties Scratch and at the Department Convention. Should an emergency situation arise, action can be taken by telephone prior to the next scheduled meeting; however, the letter requesting the grant and justification must be received by a Trustee prior to any action on the request.
